# SYNCHRONISED SWIMMING

# READING ROYALS HISTORY

In the late sixties, Maurice and Joyce Mullen from Camberley took their daughter Jackie regularly to the Metropolitan Club in London to learn synchro. Maurice eventually became a top coach and judge. In time the Mullens, frustrated with the journey to London, decided a club was needed locally. George Rackham introduced them to Anne Dudding, a swimming coach at Central Pool, Reading. Between them they developed the idea of a club in Reading and advertised for members. Jackie Mullen was the first member, followed by Kim Beat, whose father Captain Beat became the club's first chairman.

The first session of the new Reading club was held at Arthur Hill Pool on Sunday, 14th September 1969 and was opened by GB swimmer, Jenny Robb, from the Metropolitan Diving Club.

The club's name was changed in October 1970 by popular vote to include 'Royals' (before the football team adopted it).

In time courses were run for younger swimmers and a junior section was started, which in fact meant beginners. Girls had to be 11 to join the club. Now 4 year olds are our youngest members. The first 'junior' member was Heather Reeve who later became club captain and her father Arthur served a long period as club treasurer, secretary and coaching co-ordinator.

The rapid development of the club that followed owed much to the synchro knowledge brought by Maurice Mullen, the swim coaching experience of Anne Dudding and Brenda Holland's choreographic ideas from the world of dance.

The initial club programme of activities included many displays, some of which were fairly theatrical in nature. The sport today now requires much more from the athletes; today's program is geared to improving fitness, flexibility as well as the technical and artistic skills of the sport. The first Christmas Show was held in 1970 and the aim was and still is to include all club athletes and to raise funds for the club.

In 1973 the club achieved its first success in an inter completion. Jackie Mullen and Andrea Holland winning solo medals, Lorraine Carcas and Jackie Sim winning duet medal and team, called 'Green Leaves' the first A-Team, won the gold. 1974 was our first entry into the National Competition and three silvers were won including the team choreographed by Brenda Holland. Until then Nationals had been dominated by the Seymour Club. In the first National Championship in 1975 the success continued; the Royals won gold in solo, duet and team and repeated this for the next three years.

On the international front many Royals athletes were in the national squad and some reached great heights. Jane Holland became European solo and duet champion in 1974 and was 4th in the World Championships in

1975. In 1977 Jackie Cox became the European solo and duet champion and 4th in solo and duet at the 1978 World Championships, her duet partner for these events was Royals Andrea Holland. Other key members of the national squads in the seventies were Kay Spencer and Philippa Sutton.

In the eighties the club hit dizzy heights again winning the Redwood Trophy in 1987 and 1989, many athletes represented the club at all levels - England Age Group, Junior and Senior and this continues today. Jo Jones (nee Seeburg) competed at the 1988 Olympics in Seoul and Sarah Beasley (nee Northey) competed at the Commonwealth Games winning a silver medal in the duet with Kerry Shacklock from Rushmoor.

The next decade was dominated by the Hoopers and again many athletes competed internationally until funding for the sport was reduced towards the end of the nineties. Katie Hooper and Kelly-Anne Russell (nee Wise) dominated all the way through their age group competitions winning the top spots all the way. Katie competed at the Commonwealth Games in 1998 winning bronze in duet and again in 2002 moving up a place to win silver in the duet with Gayle Adamson from Gateshead. Until the recent rise of GB Katie was one of the last to compete at Senior World level in 1998 when GB then broke from senior competition until the arrival of Biz Price in 2007. In 1999 the Royals won all the events at the National Championship, Junior events by Jo Hooper with the help of Claire Diffin (nee Butler) in the duet, Senior events by Katie Hooper with partner Kelly-Anne and team choreographed by Kim-Lin Hooper.

The new millennium started well retaining the Redwood Trophy and senior titles at the hands of the Hoopers. We continued to have athletes in national squads when there was funding; when the High Performance Centre was set up in 2007 three athletes made it into the first full-time training centre, Katie Skelton, Jazmine Stansbury and Helen Morris. The new funding also saw the return of the junior squad and development squads and Royals had representatives in these squads. The rise of our next star Katie Clark started and in 2009 she competed at all three levels, Age Group, Junior and Senior and now continues to train full time towards 2012. The National Championships changed to the British Championships and we continued to win team medals and in 2009 Jenny Godding, Naomi Schorman and Harriet Roberts became the Duet Champions. At Age Group level the club continued to win medals in all events for all age groups.

# BRACKNELL SYNCHRONISED SWIMMING CLUB HISTORY

Bracknell Synchronised Swimming Club has been running since 1973 and was initially set up and run by Brenda Holland. In the early years of British synchro it was Brenda, together with her daughters, who played a big role in achieving British success. Since then the club has grown and we have 4 main coaches who teach about 40 swimmers. They are split between three sessions – beginners, juniors and seniors. The club meets once a week on a Wednesday at Harmanswater Pool in Bracknell.

Throughout the year we attend competitions including those held at county, regional and national level and we hold an annual display.

At county level we have been consistent team routine winners of the County Trophy (2006 – present) and the Carly Anne Trophy (2007-10), and at South East regional level the teams we have entered have been placed 2<sup>nd</sup> since 2009. This year at multi regional level our 12 & under recreational team won their section (1<sup>st</sup> SE Region) and our 19 & under recreational team were placed 3<sup>rd</sup> in their section (2<sup>nd</sup> SE region). We have also competed with medal success at National Masters competitions since 1998.
